ROME, June 11.—This being the feast of Corpus Christi, the Pope insisted on celebrating mass. Only the members of his family and inlimate friends were admitted. Governor Nash, Rev. John Hewitt, an ex-Confederate officer; Colonel W. H. Knauss and Al. G. Field, the minstrel were the principal speakers. The Governor owing to sickness, spoke briefly but impressively. He carried a thought that what we all should do now is to create and foster an affection for the government as it now exists, and that honoring the soldlers on both sides who fought in the civil war was one of the best ways to do this.

Mr. Ellyson would not even say whether they were given a money limit. It is reasonable to judge they were. The association has to its credit a sum estimated to be \$52,000. It is not likely that the cost of the memorial is to exceed this sum, and more than likely it will fall short of the yill,000. It is recalled that the directors pledged themselves to the association meeting in New Orleans that the cost of the memorial should not exceed \$50,000.

STREET-CAR MEN TO MEET TO-DAY

No Decisive Action on the Present Trouble Expected.

Division No. 152, of the Street Railway Employes, will hold its regular weekly meetings to-day-one in the forenoon and the other in the evening—at Smith's Hall, North Fifth Street, It is probable, that the committee, consisting of President Griggs, General Organizer Orr, Messrs. Redford, DeForrest and Cleaton, may make a report as to the status of their work in the effort to effect an agreement between the company and its employes, but it is not expected that any final report will be made.

The committee will in all probability be continued, with full powers to do whatever they may deem best, and when anything tangible has been decided on, or when it has been determined that all resources have been exhausted, a report and recommendation will be made. The men are still hopeful of some agreement that will prove mutually satisfactory to the employes and company.

that such a monarch as Alexander existed.

After the party broke up my Servian guest reported to Mijatovitch, the Servian Minister, what the clairvoyant said, Mijatovitch came down to see me for confirmation. I repeated to him exactly as possible what had taken place. He went home and wrote an urgent private dispatch to King Alexander, warning him and begging him to be on his guard, not only when he went abroad, but especially against any attack that might be made on him in the palace.

The warning was in vain. The King and Queen were assassinated in their palace, as the clairvoyant had foreseen three months before.

Of the absolute truth of this I can vouch on my own knowledge. So can all my other guests. The evidence of the Servian Minister is conclusive confirmation as to the prediction and its date.
